### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Doug Jackson, Registration # 28,518 on 1 July 2009.

The application has been amended as follows:

- In Claim 1 Line 32 change "said plane corrected digitized image" to --said corrected digitized image--.
- In Claim 2 Line 3 change "the initial digitized image" to --the digitized image--.
- In Claim 2 Line 7 change "the initial image" to --the digitized image--.

### ***Specification***

2. The objection to the disclosure is withdrawn in view of the amendments and remarks received 15 April 2009.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. The rejections to claims 1 - 4 are hereby withdrawn in view of further consideration of the amendments and remarks received 15 April 2009.

***Allowable Subject Matter***

5. Claims 1 - 4 are allowed.

6. The following is an examiner's statement of reasons for allowance: the prior art does not anticipate, nor does it suggest, the combination as now claimed in the claims. Specifically, selecting a pre-established model of a curved semicylindrical or semiconical surface of revolution having a shape corresponding or close to a shape of the curved surface or of a portion of the curved surface on which the fingerprint/toeprint is present, and transforming a digitized image of a fingerprint/toeprint into a corrected digitized image showing the characteristic points of said fingerprint/toeprint in a plane. These elements in combination with the remaining elements of the independent claims are not taught nor are they suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
